Notice regarding shortened supply
period for the spare parts

Thank you very much for your continued support.

Regarding the following discontinued products, we have planned to supply spare parts for 7 years after the end of production in July 2013, but due to the aging production facilities etc., it is concerned to cause trouble in future production and maintenance of quality. Details are as follows and we would like to ask for your kind understanding.

<Discontinued Product>

- GTR MID-SERIES F2 series (concentric hollow shaft/concentric solid shaft)
with motor, with brake motor
water-resistant · outdoor with motor, water-resistant · outdoor brake motor
reducer(without motor · double shaft type),
S type reducer (designated motor attachable type)
- GTR A series, AF2 type (concentric hollow shaft/concentric solid shaft),
AF type (hollow shaft/solid shaft)
Z type reducer (designated motor attachable type)
- Battery powered type VF2 type (concentric hollow shaft/concentric solid shaft)
with motor, with brake motor
