

May 2016

To all our customers

NISSEI CORPORATION

## Notice about Shortening of Period for Alternative Products Supply

Dear customers:

I hope this letter finds you and your company doing well, and thank you very much indeed for your continued support.

We would supply alternative products for 7 years after end of production (July 2011), however some spare-parts are difficult to obtain. As the result, to consider production and quality maintenance, the following alternative products supply period will be shortened. We appreciate your understanding.

We hope you will continue to favor our products.

Sincerely

### Details

#### 1. Product to be discontinued

- Variable speed gearmotor GTRII V series (VR reducer included)
  - P type (variable speed type), Q type (variable speed type w/ brake)
  - X type (velocity servo type), Y type (velocity servo type w/ brake)
  - A type (position servo type), B type (position servo type w/ brake)
  
- Electric slide base GTRII S series
  - P type (variable speed type), Q type (variable speed type w/ brake)
  - X type (velocity servo type), Y type (velocity servo type w/ brake)
  - A type (position servo type), B type (position servo type w/ brake)
  
- Electric cylinder GTRII C series
  - P type (variable speed type), Q type (variable speed type w/ brake)
  - M type (Induction motor type)
  - B type (Induction motor type w/ brake)

- GTR A series w/ position servo

A type (position servo type), B type (position servo type w/ brake)

2. Last date of order receipt

End of June, 2016

Note: There are only limited numbers of stock
